Introducing Our Spotlight of the Month, Joan Sartorius

Joan's journey began with eight children all born within 7 1/2 years, which has now grown to eight children, 29 grandchildren and 35 great-grandchildren! When her youngest of the eight was four years old, Joan entered nursing school at Schoolcraft College. She graduated with her degree in three years. She worked at Mt. Carmel and Botsford Hospitals then decided to move her entire family, two dogs, and their hamster family to Missouri. This was going to be their forever home! After a short year and missing the mitten state, she moved everyone back to Livonia, Michigan. She returned to work at Mt. Sinai Hospital (formally Mt. Carmel) and retired some 20+ years later.

Joan has one funny recommendation or "words of wisdom" for a "happy life", never raise eight (8) teenagers at one time!
